

Make the move to QuickBooks Online

and streamline your accounting so you can spend more time on what matters most.

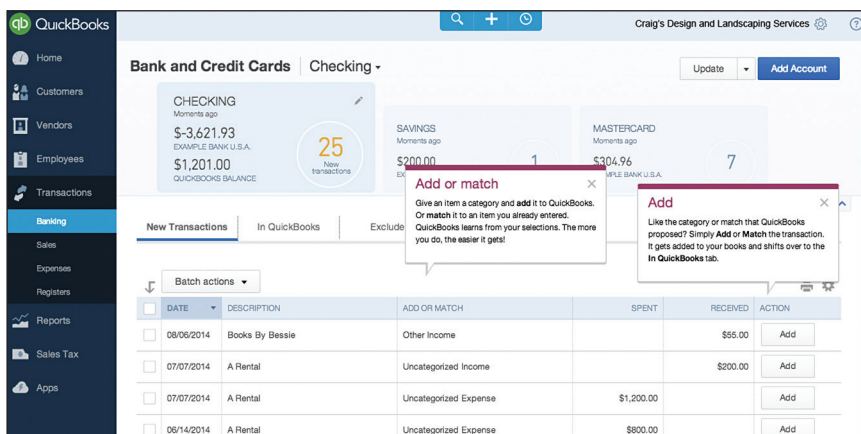

Better customization increases your efficiency so you can get your work done faster.

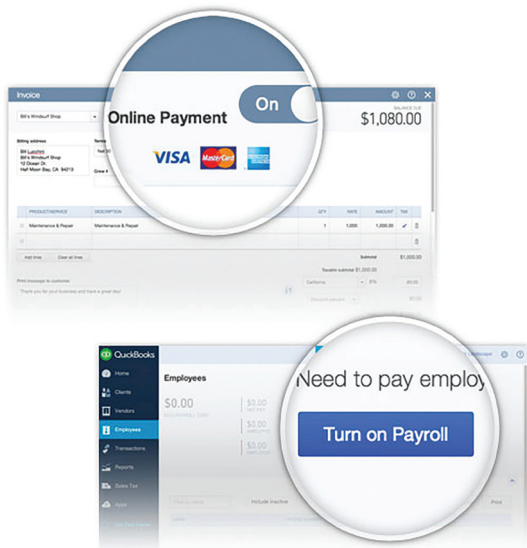

- The homepage lets you see in one place where your company stands financially: who's paid, who's overdue and what needs your immediate attention.
- Easily customize the homepage with the information you want to see and get your work done faster.
- Instant alerts to keep you updated on your business.

Never enter data twice? How about never enter data AT ALL with automated data entry.

- No more waiting—automatically download bank and credit card transactions every night. Transactions are matched with income, expense or balance sheet categories, virtually eliminating manual categorization of transactions. Reconciliation can also be fully automated.
- Take a picture of receipts with your smart phone and see them in QuickBooks. No more misplacing of receipts or random receipts lying around waiting to be entered. Record a transaction immediately after it happens. Click, capture, categorize, done!

Add on business tools to meet the growing needs of your business.

- Want to pay employees or get paid? Turn on the fully integrated Payroll or Payments modules and complete these transactions without ever leaving QuickBooks.
- Email invoicing lets you easily turn on payments by bank transfer or credit cards so customers can pay you instantly. Or take a face to face payment with your mobile device and get paid on the spot.
- Extend the power of QuickBooks with tools and services to take your business to the next level. We've partnered with the best apps in the business so you can do more, like expense reports, time sheets and document storage. As your business grows, QuickBooks grows with you.

Access to QuickBooks whenever you need to maximize your efficiency.

- Now you can have your Accountant and employees using QuickBooks simultaneously; no waiting for files to be emailed, sharing memory sticks or remotely accessing computers. Your files are synced in real time to ensure your employees keep on the same page. Grant access for up to 5 users at no additional cost. You control permission levels for each individual.
- Any computer, any device, whether you're always in the field or out with a client, get it done and don't wait for work to pile up in the office.
- Your QuickBooks data is always backed up and secure.

Try it free for 30 days. Available as a monthly subscription, or at a discount for an annual purchase. Cancel at any time.

QuickBooks Online requires a computer with a supported Internet browser (see <http://quickbooks.intuit.com/online> for a list of supported browsers) and an Internet connection (a high-speed connection is recommended). The QuickBooks Online mobile app works with iPhone, iPad, and Android phones and tablets. Devices sold separately; data plan required. Not all features are available on the mobile apps and mobile browser. QuickBooks Online mobile access is included with your QuickBooks Online subscription at no additional cost. Data access is subject to cellular provider network availability and occasional downtime due to system and server maintenance and events beyond your control. Product registration required.

QuickBooks Payments, QuickBooks Payroll, and apps sold separately. Additional terms, conditions and fees may apply.

If you are not satisfied with QuickBooks Online for any reason, simply call (800) 532-2870 within 60 days from the first charge date to cancel your subscription and to request a refund of your paid subscription fees.

Terms, conditions, pricing, features, service and support are subject to change without notice.
